

Chief of Police Blizzard has issued warning to Newark residents to be particularly cautious this week in guarding against sneak thieves, pick-pockets and burglars, because of the big crowds which will visit the city to attend the county fair and other events scheduled.

Such an event always brings with it the crowds a certain rough element and usually an epidemic of petty thefts and robberies occurs. A little extra precaution on the part of the residents goes a long way toward reducing the number of such crimes.

The police department will be on the alert for suspicious characters and will make an effort to keep these persons on the move, so as to avoid the possibility of any serious offenses.

TONIGHT! TAKE A "CASCARET" SURE

No Sick Headache, Bileous Stomach, Choked Tongue or Constipated Bowels By Morning.

Turn the rascals out — the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases — turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver, and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good — never gripe or sicken.

AVIATOR WARD IS NOT A BIGAMIST

Chicago, Oct. 1.—Jimmie Ward, an aviator, was freed in the municipal court here yesterday from a bigamy charge brought by his wife, Mrs. Maud Manger Ward. Last May Mrs. Ward, who wedded Ward in 1911 at Nashville, Tenn., charged Ward with having married Miss Margaret Warner in 1909. Mrs. Ward refused to prosecute yesterday, saying that her evidence that Ward was married twice was merely hearsay.

NEURITIS GOUT RHEUMATISM

Simple 30-Cent Remedy That is Having a Tremendous Sale.

Notice how few people in Newark are suffering from Rheumatism since Evans' Drug Store offered RHEUMA to the public at 30 cents a bottle and offered money back to any one who isn't pleased.

It's only the skeptics who allow Rheumatism to get the upper hand; wise, broad minded persons have freed themselves from the merciless grasp of the enemy of mankind.

RHEUMA takes right hold and attacks the poisonous accumulations that cause Rheumatism, Gout, Lumbago, Arthritis, Neuritis and kidney troubles and drives them from the body. Be healthy—happy—sleep well and work cheerfully. Try RHEUMA.

GREATEST FAIR

(Continued from page 1.)

ation company, who controls some of the greatest aviators in the country. Leonard Bonny, well known in Newark, where he has visited several times, is one of the men who have made Berger's management successful, and it is with pleasure that Bonny's host of Newark friends learn that the dauntless aviator is now with the Wade Exhibition Co., having been sold by Manager Berger a few weeks ago for the princely sum of \$20,000. Local Elks who met Bonny in their club rooms will no doubt find the Berger flights interesting because of this association.

The slight difficulty over a proper place to hold the aviation meet has been done away with, and it is expected that two flights will be arranged for the next three days, the weather permitting. These will be between nine and twelve o'clock in the morning, and four and six in the afternoon.

Freeman Ready to Fly. The big Wehrle field adjoining the county fair grounds will be used for the starting of the machine in which Aviator Freeman, the bright star of the Berger universe, will daily startle thousands by his courage. The fence between the fair grounds and the field has been removed, and the public will be permitted to witness the starts only by paying their

admission at the fair grounds entrance and then passing over into the adjoining field.

Mr. Freeman is promising the people of Newark some sensational flights, rain or shine every day, and as he is gaining more in popularity than any of the other Berger men, Brindley, Mitchell, Heth, Metach, Kastory and Hamilton, it would be unwise to forego the pleasure of seeing his work. The price of admission is so slight that no one can really afford to remain away from the fair.

Will Carry Passengers.

Mr. Freeman will make a trial flight about four o'clock this afternoon and will probably carry up passengers, if they are willing to pay the usual fee for passage. The life of an aviator's machine is so short—only about 100 hours—that the fee may seem large to many, but there are no doubt many Newark citizens who will attempt a flight. Mr. Freeman has the enviable record of having completed 5000 flights in two years without a single injury, and Newarkites need have no fear in accompanying him on his dash through the clouds.

Mid-way Crowds Large.

Of course, the usual "mid-way" attractions are in evidence and draw their usual crowds. These are considerably better in quality, however, than in previous years, as the fair management has endeavored to keep out the elements of degeneracy that so often characterize county fairs. In brief, the fair this year has been calculated to appeal to aggressiveness in agriculture and education, and the business men who have foregone their personal pleasures to make the Newark fair the "biggest and best" are to be congratulated. It is such citizenry as this that counts; may we have more of it.

The big industrial parade, to be held tomorrow promises to be one of the best organized ever held in the city. The business men have shown splendid interest in preparing for this and some excellent floats are being arranged by enterprising merchants. The Advocate prints herewith a program of the prize offered and the general plan of the parade.

One hundred dollars in cash prizes are offered for the best showing as follows:

\$25.00 for the best decorated float placed in this parade by any merchant or manufacturer.

\$25.00 for the best display in this parade by any fraternal, labor or social organization.

\$25.00 for the best decorated automobile placed in this parade.

\$25.00 for the best decorated wagon or float displaying the farm productions of Licking county.

The following committee has been selected as judges to award the prizes offered by the business men: Mayor Swartz, Superintendent of Schools Wilson Hawkins, and Superintendent of Children's Home J. C. Kreig.

The big parade will form at the corner of Sixth and Church streets, move south to Main, east on Main around the south side of the square, east on Main to the railroad, counter march returning by the north side to square, north on Third to Church and west on Church street to starting place where it will disband.

The parade will consist of three divisions as follows:

First division—City Police and City Officials, followed by the Fire Departments, Licking County Fair Board and Newark Business Men's Committees.

The second division will be headed by the Buckeye Band and will consist of the fraternal, social and labor organizations, followed by the decorated automobiles, merchants' and manufacturers' floats.

The third division will be headed by the Moose Fall Festival band and will consist of floats and wagons showing Licking County Fair Attractions, etc. The big parade will be in charge of Captain William C. Miller, assisted by Charles W. Hill and the following mounted staff: John J. Carroll, Edwin Besuden, Charles Montgomery, Daniel Alshool, Dr. W. H. Knauss, B. C. Smythe, John Mohlenpach, W. C. Metz, Dr. F. E. Corkwell, J. W. Horner, J. R. Fitzgibbon, E. C. Wright, H. L. Montgomery, J. S. Jones, Wilson Heiser, C. L. V. Holtz, and A. B. Schawewer.

First division will form at Sixth street, resting north.

Second division will form at Fifth street, resting north.

Third division will form at Fourth street, resting north.

The Austrian cure resorts, Carlsbad, Marienbad, Teplitz and Franzensbad, are visited annually by some 200,000 persons, who come solely to "take the cure."

"SELLERS OF GOOD CLOTHES"

Peculiar Case of Poisoning.

Metal poisoning from handling copper coins was the curious cause for death recently assigned at West Ham, England. The deceased, age twenty-seven, had been employed to collect coins from penny-in-the-slot gas meters, and his physician testified that the coins were often green with verdigris, which remained on the collector's hands and was absorbed through his habit of curling his mustache with his finger.

Got His Knowledge First Hand.

Benson J. Lossing, whose historical collections were sold in New York city recently, was a historian of the old school, whose methods were yet in a way up to date, not to say journalistic. He traveled many thousands of miles in gathering material for his books, conversing with old soldiers and descendants of revolutionary heroes and making sketches on the spot of battlefields and scenes of historic interest.

CURES COLDS, COUGH AND SORE THROAT

Mothers Should Try This Simple, Sensible Treatment for Croupy Children.

The old method of dosing the stomach to cure colds and croup is wrong and harmful.

When your child is cross, feverish and full of cold, apply a small quantity of Nostriola Balm to the nostrils, and on chest and throat—also under arm pits and on soles of feet. This simple common-sense treatment will clear the head and open the air passages almost instantly, stop sneezing, running of the nose and quickly change a half-sick, fretful child into a happy, playful one.

Many mothers now use the Nostriola treatment and nothing else to keep the children free from colds and croup.

You won't believe the good results this simple treatment will bring until you make the test. Get a 25c tube of Nostriola of your druggist today, and you'll wish you had tried it sooner.

Neither Meant Much.

Grant Duff relates a conversation which prevents swearing in its most common light—the swearing for swearing's sake. "Oh, Mr. —, I wish you would not use such dreadful language. It gives me real pain," was the protest. And this the apology: "Pray, don't mind. I swear and you pray, but neither of us mean much by it."—London Chronicle.

Joy In Being Close to the Earth.

The average autochthonous Irishman is close to patriotism because he is close to the earth; he is close to domesticity because he is close to the earth; he is close to doctrinal theology and elaborate ritual because he is close to the earth. In short, he is close to the heavens because he is close to the earth.—G. K. Chesterton.

HIGH PRICES AS AN ISSUE

Republican Arguments Believed to Be Having an Effect.

STILL GREAT DISSATISFACTION

People Are Comparing Low Prices Paid Farmers With High Cost to Consumers—Another of Willis L. Moore's Prophecies Goes Wrong. Campaign Heads Good Forgetting.

By ARTHUR W. DUNN.

Washington, Oct. 1.—[Special.]—It is to be doubted whether the high cost of living will figure as prominently in the election this year as it did in the congressional campaign two years ago. Of course there is still a great deal of complaint about the high prices, but there is not quite such a strong disposition to load the blame upon the party in power and its tariff legislation.

Gradually the Republican speakers and the literary bureaus are getting before the people their side of the question and trying to prove that high prices prevail everywhere. They are backing these statements with reports from foreign countries, the United States consuls having been particularly active in sending such reports to the government here.

At the same time there is a great deal of complaint heard among city people about the continued increase in cost of articles which they have had to buy, more especially meats. It would not be surprising to see a strong effort made this winter to put all kinds of meat products on the free list, as it is claimed there would be a reduction in price in that event.

The Farmer's Part.

Cattle raisers will, of course, object to free meat and free cattle, and those who talk for the farmers will say they ought not to suffer because the price of meat is so high. Curiously enough, the prices of food products do not come down, even with the enormous crops, and yet it is asserted that the farmers are not getting very good prices for their products in comparison with the prices which city consumers are paying.

Out in the country it is said that many kinds of fruit are rotting on the ground because the growers cannot get enough money to pay for picking it and bringing it to market, while the people in the cities are paying a very good price for fruit. The old question of the middleman taking too much between the producer and consumer comes into play in regard to the prices which the farmer gets for his products and what the householder pays in the markets.

Makes Discontent.

These conditions make people discontented, and they may show it in their votes in November, just as they showed it two years ago. The party in power suffers when people are dissatisfied. That has always been the case. Naturally the question arises as to how far the dissatisfaction extends and whether there has not been a decided change in this respect within the past year.

One of Moore's Troubles.

Once in awhile Professor Willis L. Moore says or does something that haunts him for months. Two predictions with reference to inauguration day which went wrong pursued him ever after. Not long ago he remarked that there was no such thing as an equinoctial storm. Beginning on the 22d of September and lasting for several days there was a storm of such magnitude in this region as to cause comment.

The People who are weather wise.

went for Moore and his weather bureau. Right on the heels of his statement came the storm. Of course it was "the equinoctial." It couldn't be anything else. They had considerable fun with Moore about it, as he is somewhat sensitive on such subjects.

Learning to Forget.

It appears from the investigation in progress now that many campaign managers and their assistants have been learning to forget as rapidly as they can since the elections. That is one excellent thing about campaign managers. They forget all about the money collected and how it was spent.

Lacking Important Point.

Can a woman be a successful "magician?" A contemporary wizard says that she can, and that in London there are many society women who have taken a course in wizardry as a means of becoming proficient in some kind of "parlor trick" by which to entertain company. It does seem, though, that a magician without coat sleeves to pull back, as a preliminary to doing his marvels, would be fatally deficient in paraphernalia.

Wonderful Metropolis.

There are in London more Scots men than in Aberdeen, more Irish than in Dublin, more Jews than in Palestine, and more Roman Catholics than in Rome.

Slide back into the cradle, if going on is into the grave—back, I tell you; back—out of your long faces, and into your long clothes. It is among children only and as children only that you will find medicine for your healing and true wisdom for your teaching.—Ruskin

No one in Ohio will ever dream for a moment that there can be either a Republican or Third Term Party majority in either of the houses of the Ohio legislature to be elected November 5. The opposition is too divided by irreconcilable differences for either to obtain a working majority in the new legislature. As Congressman Cox pointed out in his speech at the State campaign opening, the Democratic party is the only responsible political organization in the state in this campaign, the opposition is so divided as to be entirely irresponsible. To get intelligent and harmonious action it is necessary to elect a Democratic legislative majority along with Congressman Cox.

A whole lot of Third Termers who suffered with paralysis of the jaws when the fate of many of the reforms they now endorse was in doubt, have, since the special constitutional amendments election, partaken of some panacea that produced elasticity of the jaws.

The following was published in the local political news column of the Cincinnati Enquirer recently: "If Democratic leaders in Ohio fear that their followers are going to desert to the Bull Moose party they are victims of a false alarm," said Otto Lightner, chairman of the Central Executive committee yesterday. "We made every possible effort at Columbus to get one or two Democrats of statewide prominence on the state ticket, but there was nothing doing. In fact, there was a dearth of Democrats about the convention hall, and I was told by a Progressive from other parts of the state that they had shown no interest in the county conventions, and almost without exception had declined to be delegates."

Harry Probasco, prominent attorney, and known all through the state for the active fight he has waged in behalf of the preservation of the Miami and Erie canal, has declared for Congressman Cox for governor. In politics Mr. Probasco is a Republican. On the subject he says over his own signature: "I have in times past fought, when fight meant scars, for the good old party, and am as loyal a Republican in the best sense as any member of your club, notwithstanding I intend at the ensuing election to vote a mixed ticket. Cox for governor, because he has demonstrated splendid ability, a gentleman of culture and high intellectual attainments; is progressive, patriotic and courageous."

CONGRESSMAN COX

Senator William E. Borah of Idaho, one of the genuine progressives of the Republican party, who led the fight against President Taft in the Chicago convention, paid a high compliment to Congressman Cox of Dayton, when in an interview recently he declared there is no truer progressive in congress than the Democratic gubernatorial candidate.

United States Senator La Follette, the oldest and most ardent progressive in the Republican party, while in Ohio last spring, designated Mr. Cox's work while in congress as truly progressive. To measure the Democratic gubernatorial candidate, the people can use the crucible of actual performance. In congress he has done big things and he has been on the people's side. If he had not been Senator La Follette's and Senator Borah's unsolicited commendations would not have been given.

A special to the Cincinnati Enquirer from Boise City, Idaho, regarding the interview with Senator Borah says: "Senator William E. Borah, leader of the Republican Progressives in the mountain states, has submitted to an interview in which he reviews the work attained in Congress as the result of legislation along progressive lines.

"In enumerating the men in Congress who are entitled to credit for what has been brought about he pays this compliment to Congressman Cox, Democratic candidate for Governor in the Buckeye State:

"It is but fair to say that the progressive movement is not confined to either party. Some of the most loyal supporters of these principles are found in the Democratic party. "Congressman James M. Cox, of Dayton, Ohio, was one of the most effective and tireless friends of the election of Senators by popular vote and the Children's Bureau bill. He gave his untiring efforts to both, and was especially helpful in the passage of the latter. There is no truer progressive in Congress, in my judgment."

The indications are that a great many dissatisfied office seekers and multimillionaires who want their trusts regulated will be left standing at Armageddon on election day, November 5.

The Chicago Record-Herald, independent, states in its headlines on the political situation that Taft is running third in the race and that the Democratic nominee is a favorite in old strongholds of the Republican party.

It is certainly significant that in all the forecasts and conclusions of the great independent newspapers on the Presidential situation Taft is declared to be third in the race.

HOW TO VOTE THE JUDICIAL TICKET

Under the new non-partisan Judicial Ticket law, the candidates for the various judicial offices will appear on a separate ticket, with nothing to designate their political position. The following explanation of the ticket is given in order that Democratic voters and friends of the Democratic candidates may know how to mark their ballots. Those marked with the X are the Democratic nominees, and for these Democrats will vote. For convenience, the voter should cut this out and keep it.

HEALTH HINT FOR TODAY.

Ventilating the Bedroom.

Air and sun the room, air and sun the bedding and air and sun yourself. Toss the bedding over the chairs and expose it to the sunlight. Allow the sunshine to stream into the window sufficiently long to perform its office of purification. Then, if you think best, close the windows and darken the room, but open the windows again ere the sun goes down and allow the air to circulate freely. If your bedroom is so situated, open opposite windows and keep them open all night. If you have but one window to open, lower the upper sash and raise the lower one. This is better than to raise the lower sash to its fullest extent, as it allows the foul and heated air to pass out of the upper opening and the pure and less warm air to enter the lower opening, thus creating its own current. Whatever else you do, do not shut out the night air. No matter how well ventilated your room may be during the day, you cannot well get along without the outside air to replenish that which becomes poisoned with the exhalations of the body as well as the exhalations of the lungs. Consider the fact that 2,000 cubic feet of fresh air are required every hour to keep the system in proper condition. Remember also that air twice breathed contains enough carbonic acid gas to extinguish a light. If you wish to awaken refreshed see to it that your bedroom is aired by day and ventilated by night. Do not fear the night air. It is the only air you can get at night.

A PANIC TO AVOID.

(New York World.)

Two Republican candidates for the Presidency are foretelling panic in the event of Democratic success in November.

Only five years have elapsed since the Roosevelt panic, in spite of present-day boasts of prosperity, some people think its force is not yet spent.

In 1907, when Mr. Roosevelt was President, every bank in the United States, for the first and only time in the history of the republic, suspended payment.

In 1907, when Mr. Roosevelt was President, the number of American workmen out of employment—more than 2,000,000—was the largest ever known on this continent.

Panics are never desirable, but if we must have panics let us have something else than a Roosevelt panic.

FATE CUTTING THE THREAD OF LIFE.

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the belittled mind, the ill-temper, the pale and wrinkled face, halting and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysterics, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. R. F. Dick, of Union, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. At each period I suffered like and so on. I was worse than ever before. I was so bad for one year that I am the mother of six children. I was so bad for the months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a box of 'Favoritine' and I am now as well as ever. I have never suffered much since. I wish I could tell every suffering woman the world over what a loan Dr. Pierce's medicine is. There is no use wasting time and money doctoring with anything else but their cure or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 21 stamps to pay for wrapping and mailing only.

There Are Two Good Reason Why We Should Have Your Business.

FIRST—Our association is not established for profit but for the mutual benefit of its members. Its earnings after actual expenses are paid are divided pro-rata among its members.

SECOND—We protect our members savings by only loaning money on real estate after the property has been inspected by three members of our board of directors and has been approved by the Board. As a further precaution after the property has been appraised at its actual value only two-thirds of the amount is loaned to take care of any possible shrinkage.

Happy Homes

If There is one Place in the World that Should be a Retreat for Comfort---an Attractive, Inviting Place---It is Home.

NOW THAT WE ARE APPROACHING FALL AND THAT THE NIGHTS WILL SOON BE LONGER AND THAT THE OCCUPANTS OF A HOME WILL HAVE MORE OCCASION TO USE ARTIFICIAL LIGHT, THE SUBJECT OF ELECTRICITY IS OF INTENSE INTEREST—ECONOMICAL IMPORTANCE.

During the after-supper hours, the members of the family are more inclined to remain at home, if the house is cheerful—well lighted.

Electricity gives an opportunity for artistic fixtures, shades and lamps, which are equally attractive during the day.

Particular attention should be given to the arrangement of home lighting, for lighting in a home either makes or mars its attractiveness.

WAIST COMPLETING AN EVENING GOWN

Here is a lovely waist for completing evening gown. The feature of the waist is the huge butterfly bow wired at the back, which is of embroidered black tulle. White embroidered tulle forms the side sections and cap sleeves, to which are mounted long cuffs of plain white tulle, finished by embroidered tulle cuffs and placed tulle frills. Plain white tulle tucker at the front and back. This is also a good model for

Saves Leg of Boy.

"It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors' treatment failed till we tried Bucklen's Arnica Salve and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c. at F. D. Hall's.

Farm and Garden

MAKING HOME ATTRACTIVE.

Farmers Have the Materials For Beautifying Right at Hand.

Neat, conveniently arranged buildings, a well kept lawn attractively bordered with trees and shrubs add greatly to the appearance and value of the farm and to the happiness of its occupants, says a bulletin of the Iowa Agricultural Experiment Station on "Planning and Adorning the Homestead."

The farmstead, including as it does the general area occupied by the farm buildings, house and lawn, is the center of activity for the farm. Its planning and development, both from the standpoint of convenience and of securing an attractive landscape effect, deserve special consideration.

A well thought out plan is the first requisite to get these results, as in the absence of a definite scheme serious mistakes are likely to be made. This plan should include the location of buildings, drives, walks, trees, shrubbery, and every other feature which contributes either to the convenience or ornamentation of the place. It should be developed with the

Photograph by Long Island agricultural experiment station.

PRETTY APPROACH TO A FARMHOUSE.
larger relationships always in mind. The location of the house and farm buildings is the first consideration. Even though it happens that some or all of these are already on the ground, a plan for their location is important. New farm homes are erected to supplant old ones and other new farm structures are added, which make practicable a general consideration of the entire building scheme. Material improvement can often be made in a farmstead by a readjustment as new buildings are put up, though the best results are obtained where things are planned right from the start.

WONDERFUL FARMING.

Dr. Russell of Columbia university says the island of Guernsey is just about the size of one-half of a government township, six miles square, and very much the same shape if divided diagonally, say, from the northwest corner to the southeast corner. On this small territory 40,000 people and 6,000 cattle find subsistence. There's farming for you.

Hang Up the Scythe.

It is undesirable to leave a scythe lying about, yet it is equally difficult to find a suitable place to hang one. To hang it on a nail is to risk dulling the blade, while to hang it in the crotch of a tree is detrimental to the tree's welfare. However, there is a way. Obtain a V shaped crotch from an old limb, cutting one fork about a foot in length and the other about six inches. The rear side of the long fork is then trimmed down slightly so that it can be nailed uprightly to a flat surface. This will form a permanent place for the scythe, where the blade will not get dulled nor a fruit tree be injured.—Farm and Fireside.

Around the Honey Makers.

Comb honey that is to be sent to a distant market should be shipped before cold weather, since the combs become extremely fragile when cold. Change all falling or slow queens promptly and breed from the best you can secure, thus raising the standard of your stock step by step and improving the average year by year. The young bees, hatched from Aug. 1 on, constitute the colony to be

wintered, and for this reason it is wise to see that much brood is ready, even if you have to resort to stimulative feeding.

As a rule, bees cast a prime swarm as soon as the first queen cell is sealed unless prevented by bad weather; therefore the first young queen may be expected to emerge on the eighth day from the first swarm.

When the hives are well distributed in a certain space their inmates can be more easily handled. It seems to improve their disposition, especially if there are some trees, shrubs or the like about them. Robbing is not so prevalent, either, and the absence of that always helps to make bees better natured.

BEWARE YOUNG MAN

IT'S THE LITTLE DANDRUFF GERMS THAT ARE CAUSING YOUR HAIR TO FALL OUT

Parisian Sage Stops Falling Hair and Does Not Contain Poisonous Lead or Dyes.

The clever young man of today doesn't take any chances on losing his hair. A man who is baldheaded at 30 looks like 45, and is placed at a disadvantage when seeking employment.

If you have dandruff it means a downward trend for the roots of your hair. An army of dandruff germs are attacking the hair root and destroying its vitality.

Then hair falls out, grows thin and baldness results. Young man; put your faith in the delightful PARISIAN SAGE. It will stop falling hair, kill dandruff germs, abolish dandruff and itching scalp, or money back.

PARISIAN SAGE is only 50 cents a bottle at Evans' Drug Store and dealers everywhere. Girl with Auburn hair on every carton. Ask for PARISIAN SAGE.

GOWN OF GRAY AND BLUE DIVA SATIN

Here is a handsome gown of gray and blue Diva satin. The upper part of the bodice is of the gray laid in plaits. The lower part is of blue forming a point at the front and crossed over at the back. The belt is of blue silk and joins the peplum on the skirt to the bodice. Long puffed sleeves of blue silk. Lace collar and cuff ruffs. The skirt of gray satin is draped, the fullness being caught up at the front and back.

Element of Decay.

Indirect influence had its nearly perfect work in the Persian empire, where the Queen Mother was permitted to exercise an injurious influence over the king, the court, and the empire. It was one of the tendencies which leads Sayce, the historian, to say, after touching upon it: "In short, the empire contained within it from the first all the elements of decay."

Limit to His Foolishness.

Wife—You say I ought to practice economy, John. Now, what did your dinner downtown cost you today? Husband (a trifle weakly)—About three dollars. Wife—Heavens, John, three dollars just for a dinner? Husband (a trifle indignant)—Well, that included a bottle of wine, of course. (More indignant) You don't s'pose I would pay three dollars just for food, do you?—New York Sun.

Pelts Paid for Theft.

A turkey which Edward Richardson had been fattening disappeared. Fox tracks led to a cave and Richardson set a charge of dynamite, which blew up the cave. In the ruins he found the carcasses of six foxes. Their pelts were worth \$60, far more than a turkey.—Brookfield Courier.

SOCIETY

Mr. and Mrs. B. G. Schilling entertained Rev. Joseph Bennett and wife at dinner last Saturday in honor of Mr. and Mrs. O. C. Miller's eighth anniversary of their wedding day. Covers were laid for seven.

Miss Bertha Lathimer and Miss Adelaide Jones will give a luncheon at the Country club on Wednesday, honoring Miss Ann Davis.

Among the many events planned for Miss Davis this week is the luncheon which will be given by Miss Anne Sprague on Saturday at her home in Locust street. Miss Sprague will also have for an honor guest Miss Margery Collins, another bride-to-be.

The members of her sewing club will be guests of Mrs. Walter Metz on Friday. Mrs. Metz will entertain at her home in Buena Vista street and compliment Miss Ann Davis.

The friends and neighbors of Mrs. Charles McKnight very pleasantly recalled her on last Sunday of another anniversary of her birth. The chief feature of the day was a delicious dinner. Mrs. McKnight was the recipient of some very useful and pretty presents.

Those who enjoyed the day were the following: Messrs and Mesdames Albert Wolfe, George Richardson, Barton Tavenner, Edward Benner, David Tavenner, George Vance, Barton Ewers, Will Davidson, Adelbert Ewers, Edward Cotterman, Leonard Smith, Perry Woolard, Oren Sigler, Carl Ritchey and Mrs. Moiston, Misses Lois Wolfe, Nellie and Florence Smith, Maude Parr, Maggie Taylor, Ream Benner, Ruth and Helen Moiston, Mary and Della Brown, Olive, Frances and Esther Tavenner, Messrs. Leonard Richardson, Chester Smith, Causins McKnight, Stanley Cary and Balcom Wolfe, Willis, Ray and Carl Brown, Stanley McKnight, Melvin Taylor, Allen Benner, Harry Cotterman, Henry McKnight and Leon, Lorn and David Smith, Ross Ewers, Dorman and Orlo Ritchey.

On Monday evening about twenty Elks and their friends danced at Moundbuilders' Park. It was one of the most successful dances that has ever been held by the members of this fraternal organization. The weather was very chilly and the attendance was not as large as was expected but those present all expressed themselves as having spent the evening in the most pleasant manner. There is a movement on foot to organize an Elks social club and give one dance each month during the entire year.

Daddy's Bedtime Story
When Daisy's Little Friend Moved Away

THE best of friends must some day part. daddy had said when Jack told him that his friends at the corner were going to move away.

"Yes, and we s'pose we'll never see them any more," wailed Evelyn.

"Oh, it may not be so bad as all that," daddy answered cheerfully. "Where are they going to move?"

It turned out to be only to the next town, and daddy laughed.

"Dear! dear! that's just no move at all," he said. "There were Daisy and her friend Hattie. They had been friends for ever so many years. Then Hattie's father found out that it was best for them to live in the city."

"Daisy cried when she heard she was to lose Hattie. And Hattie cried when she learned that she must move away from Daisy and all her nice friends in the country."

"Grandpa talked to Daisy and told her what a jolly place the city was, with candy shops on every corner and interesting sights on every hand."

"Daisy said that would be very nice for Hattie, but, oh, what would she do?"

"Then mother spoke up—some way mothers seem to know just how to say the right thing at the right time."

"We must have a farewell party before she moves." Daisy began to get ready for the party.

"After the invitations had been sent Daisy was kept busy thinking about the pretty new dress she was to wear, the nice things they were to have to eat and the jolly games they were to play."

"When the day of the party came Daisy was ready to welcome her friends with a smiling face."

"The party was to be a surprise for Hattie, so she had not been told anything about it until her mother sent her into Daisy's house wearing her nice white dress and pink hair ribbons."

"One by one the little girl friends came in, each carrying a little farewell present for Hattie."

"It was a beautiful party and every one enjoyed it greatly. When Hattie kissed Daisy goodby she said, 'Mother says for you to be sure to visit me in the city soon.'"

"And my mother says you must come often to see me here in the country," said Daisy.

"Why, if it's going to be like that," Hattie said, "moving isn't so bad."

George King, 24, of Washington C. H., and Robert Burnes, 21, of Columbus, created a disturbance in a Walnut street resort Monday night and landed in jail on a charge of disorderly conduct. King faced the additional charge of attempting to steal a necklace. Both were fined \$5 and costs and ordered committed.
Appointed Patrolman.
Frank Powless was today appointed patrolman on the city police force and will take up his duties at once. He was one of the seven who passed the recent civil service examination. But seven out of a class of 17 passed. Powless gets one of the new positions provided for by the city ordinance passed in July, when two extra patrolmen were authorized.
Should Be Jailed.
A would-be practical joker sent in an ambulance call Monday night, calling the Bazler & Bradley auto ambulance to the steel plant in West Newark. Chief of Police Blizard accompanied the ambulance men, but they could not find any one who required their services. They are now looking for the persons who sent in the call. A TREACHEROUS TROUBLE.
Newark People Point the Way Out.
Kidney diseases are very dangerous. They come on silently, gain ground rapidly and cause thousands of deaths that could have been prevented by proper treatment in the beginning. Nature gives early warnings of kidney disease—backache, twinges of pain when stooping or lifting, headaches and urinary disorders. If these symptoms are unheeded, there is grave danger of dropsy of fatal Bright's disease. Doan's Kidney Pills have earned a reputation for effectiveness in kidney troubles, and are known and recommended the world over. Newark testimony proves the merits of Doan's Kidney Pills to our readers.
Mrs. Charles Cole, 25 1-2 S. Third Street, Newark, Ohio, says: "I used Doan's Kidney Pills with very good results and I can recommend them. My kidneys were weak and I had backaches. I used Doan's Kidney Pills, obtained at A. F. Crayton & Co.'s Drug Store, and they made me better in every way."

THE LETTER OF THE LAW.
A mother led her six children to the apple-tree. It had borne but a single apple—no longer visible to the casual observer—"I told you not to pick that apple!" she said, sternly. "We didn't pick it!" the children answered in chorus. And the oldest girl added, in an injured tone, "You can see yourself that it's still on the tree. I—I mean—the core is! We only climbed up an' an' took a bite once in a while—we didn't pick it!"
Notifying the God.
One of the odd things the visitor to Burma will notice is the large number of bells about the pagodas. These bells are usually hung on sacred posts a few feet above the ground. They are sweet-toned, as all Burmese bells are, but they are not furnished with tongues. The worshiper who comes to pray before the pagoda strikes one of these bells with a wooden mallet. This is to attract the attention of the god.
Eyes Demand Repose.
Many people cannot remain unoccupied, and in their moments of leisure hasten to seize a book or a piece of embroidery. These are undoubtedly excellent means of distraction, but they are fatiguing for the eyes, upon which they impose continuous work without a break. One must know how to repose the eyes just as one considers it quite natural to rest the muscles after a fatiguing walk.

PERSONALS
John Gilbert and Leo Gaffney spent Sunday in Utica.
C. M. Bonnell returned to his home in Chicago today.
Stanley Silver of Cleveland is spending the week in Newark.
Miss Ida Davis has left for New York where she will attend school this winter.
Mr. and Mrs. T. Lamb and daughter Helen of Maple avenue returned from a visit in Shreveport, La.
Mr. A. Woodward of West Church street, a B. and O. conductor, left for Syracuse, N. Y., Monday.
Mrs. Archie Lytle of South Fourth street will leave tomorrow for a visit with her brother, W. C. Richter in Lincoln, Neb.
Mrs. R. A. Barrick and daughter Miss Lulu Mae, have returned from Frederick, Md., after a pleasant visit with relatives and friends.
Mr. T. R. Anderson, formerly of this city, and now of Mississippi, is in the city visiting old friends. He is accompanied by his brother, Mr. James Anderson of Belmont county. These gentlemen are proud of their relationship with the noted Wilson Shannan, who was twice Governor of Ohio.
Wisdom in Action.
The times are waiting for men who shall serve and not merely inquire; strive and not merely investigate; give to their age and their kind not so much learning in bulk as wisdom in action; great doing as the only true fruitage of great thinking; the consecration to the uplifting of one's fellow-men of one's best rather than the conserving by mere culture of one's self.—Henry Potter.
Sure Cure for Smallpox.
The worst case of smallpox can be cured in four days simply by the use of cream of tartar, one ounce dissolved in a pint of water; drink at intervals, is a never failing remedy. It has cured many, and seldom leaving a mark and avoids tedious lingering.

THE HUMAN PROCESSION

By O. Terrence.

SIR WILLIAM RAMSAY POINTS OUT NEW PERIL TO ENGLAND

What with the Panama canal affair, the German bugaboo, and one thing and another, the mother country across the deep blue ocean faces many perils, and a new one was recently pointed out at a meeting of the British Science Guild by Sir William Ramsay. In case of war, declares Sir William, Great Britain would soon be forced to beg for peace for want of munition. He asserted that England has no adequate supply of nitric acid, which is absolutely necessary for the manufacture of explosives. He explained: "England relies on the importation of nitrate of soda from Chili and Peru. In a state of war this supply would cease. Foreign ships would intercept the cargoes and a dearth of nitrate would follow. At present we could not carry on a war for any length of time for we should have no explosives. Practically every other country, including Germany, Italy, Sweden, Norway, Austria and Russia, have factories for preparing nitrates from the atmosphere. Whether this pays or not is a matter of secondary importance, and until some such steps are taken by England we are standing on the edge of a precipice."

Sir William Ramsay's scientific attainments, which won for him many honors, including Knighthood, gave his warning unusual weight, and the state of unpreparedness for war he pointed out will probably soon be remedied. The eminent savant is a native of Glasgow, and today rounds out three score years of life. His father, the late William Ramsay, was a distinguished civil engineer. Sir William was educated at Glasgow University and the University of Tübingen. For many years he was professor of chemistry at Glasgow University and at University College, Bristol, and was principal of the latter institution for six years, 1881-1887. He is the author of numerous learned works, including text books on chemistry, "The Molecular Surface-Energy of Liquids," "Argon, a New Constituent of the Atmosphere," "The Discovery of the Constituents of the Atmosphere," and "Helium, a Constituent of Certain Minerals." His additions to the sum of human knowledge have won recognition from the Legion d'Honneur, the Institute of France, and the scientific academies of Ireland, Berlin, Bohemia, Leyden, Turin, Rumania, Sweden, Mexico, Geneva and Frankfurt. For many years he has been a member of the faculty of University College, London.

While his fame is chiefly based on his attainments in chemistry, Sir William is a noted linguist, a mountaineer of wide fame, and a student of literature and languages. Not long ago he published a magazine article on phonetic spelling, in which he said: "Our spelling has been inherited from our forefathers. It is in many instances wrong. It is in all instances unsuitable, for it is no less difficult to remember that a word is spelled consistently than to remember a grotesque spelling. Wh, du we not alter it? First, I think, because we people have considered the matter, and the very strong arguments in favor of an alphabetical reform. Second, we take pride in what we have learned with difficulty, even though it be quite useless. Third, because it is supposed that if altered, our spelling will cease to be uniform."

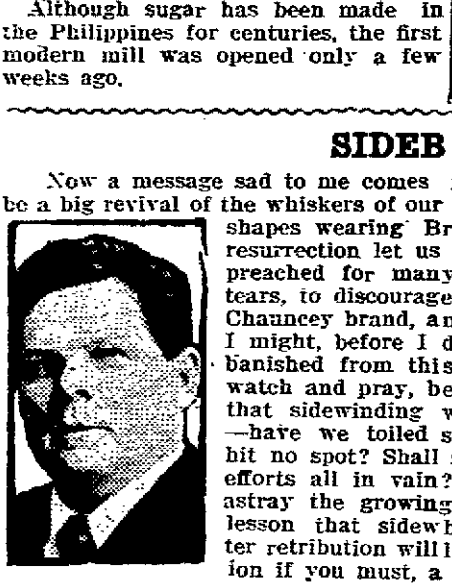

STOPS SCALY ITCH

Dandruff and Every Form of Scalp Disease Quickly Cured by Zemo

It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of the fingers. It gets right down into the glands, stimulates them, stops the itch, and makes the head feel fine. No, it isn't sticky! Zemo is a fine, clear, vanishing liquid. You don't have to even wash your hands after using Zemo. And what a wonder it is for eczema, rash, pimples and all skin afflictions. A 25c trial bottle at Evans' Drug Store is guaranteed to setop any skin irritation.

Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is regularly sold by druggists at \$1 a bottle. But to prove what it will do at trifling expense. Zemo is now put up in 25 cent trial bottles.

SIDEBOARDS.

Now a message sad to me comes from o'er the raging sea: "There wld be a big revival of the whiskers of our sires." Men will spoil their faces shapes wearing British fle escapes! Oh, against that resurrection let us work and pull the wires! I have preached for many years, I have shed my blood and tears, to discourage British whiskers of the Uncle Chauncey brand, and I thought, with futile pride, that I might, before I died, see the last set of sideboards banished from this happy land. We who work and watch and pray, bear the burden of the day, teaching that sidewarding whiskers show a softness of the brain—have we toiled so long for naught? Do our lessons hit no spot? Shall some silly, foolish fashion make our efforts all in vain? Will you, by your idle fads lead astray the growing lads who have learned the useful lesson that sidewiskers are a crime? Change the faster retribution will! Our fine traditions bust—but a bit ion if you must, a o'erwhelm the land in time!

ON SECOND THOUGHT.

A woman doesn't so much mind the fact that a man is "tough." But she hates to see him repent to the extent of shedding tears over his miserable past.

Washington and Lincoln were born in February, and that is about all that can be said for February.

Married men do not attract much attention, although, now and then, one is exposed to brief prominence through being sued for divorce.

When girls write letters they are mostly about clothes and men. When mostly about doctor's bills and babies.

The Lord is not alone in loving a cheerful giver.

Cuthbert Dinwiddie, who has been very prominent in society in our town for several years, is to be married next month. And that is the last you will hear of Cuthbert Dinwiddie.

The attempt to conceal the bald spot by brushing the long hair over it never fooled anybody.

BABY MEDICINE WATCHING IN SUMMER TIME

Mothers should watch closely the condition of the children's bowels, babies especially. Keep the bowels regular and much of the illness to which children are most susceptible in summer can be prevented.

In summer the prevalent symptoms are constipation and diarrhoea. When waste from the stomach congests in the bowels and makes your little one feverish and fretful, with a feeling of heaviness or languor, try giving it a spoonful of Dr. Caldwell's Syrup Pepsin at bedtime. By morning this pleasant, mild laxative will act gently, yet positively, and restore normal conditions. This simple remedy is also invaluable in checking summer diarrhoea. By thoroughly cleansing the bowels, the foreign matter and poisons that irritate and inflame the tissues are eliminated. Don't torture the child with harsh cathartic, purgative or astringent remedies, that upset the whole system, and at best only relieve temporarily. Dr. Caldwell's Syrup Pepsin, while positive in its effect, acts gently and without griping or discomfort, restoring normal conditions.

In using Syrup Pepsin for children the mother can feel perfectly safe, as it contains no opiates or narcotic drug, being a combination of simply laxative herbs with pepsin. By carrying off the dislodged tissues of the mucous membrane that inflame the nasal passages it will quickly break the "summer cold" that is so annoying. Dr. Caldwell's Syrup Pepsin is sold by druggists for fifty cents a bottle—the larger family size, one dollar. A free trial bottle, postpaid, can be obtained by writing to Dr. W. B. Caldwell, 406 Washington St., Monticello, Illinois.

INSTRUCTIONS ARE ISSUED TO THE REGISTRARS

Registrars from the various voting precincts of the city met the members of the election board and the clerk, Michael Sachs, Monday evening in the basement of the court house, where the precinct officials were given instructions relative to the new registration books used for the first time this year.

The various blank spaces in the books were explained and instructions given to the men who are to use them. It was explained that the columns left for a description of the voters seeking to be registered need not be filled unless the registrars felt that such information might be necessary in the future.

The registrars were also instructed to demand official documents from naturalized citizens, where they were not positive that the would-be voter was entitled to registration.

The registrars must be particular in filling out the blanks detailing the place of residence of the voter, where he occupies rooms in a hotel, boarding or apartment house. Where it is possible the number of his room must be given, but in each instance the floor on which he lives must be entered in the space provided for this purpose.

Thursday is the first registration day. Every voter who expects to cast a ballot at the coming election must register this fall. The voting places will be open from 8 o'clock in the morning until 4 in the afternoon, and from 4 o'clock in the afternoon until 9 o'clock at night. Other registration days are Oct. 10, 13 and 19.

HAY FEVER RELIEF

After all other remedies fail get a 25 cent jar of Turner's INFLAMMATION, a pure golden yellow salve, at T. J. Evans. Easy to use and simple directions come with it. Thousands recommend it.

Elephant's Wonderful Trunk

The trunk of the elephant may justly be considered as one of the miracles of nature, being at once the organ of respiration, as well as the instrument by which the animal supplies itself with food. Nearly eight feet in length, endowed with exquisite sensibility, and stout in proportion to the massive size of the animal, this organ will uproot trees or gather grass, raise a piece of artillery or take up a nut, kill a man or brush off a fly.

Sunshine is a Cleanser

Sunshine is the best possible disinfectant. The rays of the sun penetrate and disintegrate all organic substances. Let it flood the rooms which are occupied whenever it is possible. Lay the bedding in its direct rays for an hour every bright morning. Dark corners that have a stuffy smell are dangerous to the health of the house hold.

DON'T WORRY ABOUT YOUR HEART

Pains in That Region Scarcely Ever Mean Heart Disease but Are Generally Caused by Indigestion.

Most people who have heart disease do not know it. Most people who think they have heart disease, haven't. They only think so. Pain in the region of the heart is mistakenly supposed to be a symptom of heart disease.

Just as pain in the back seldom or never indicates kidney trouble, so pain near the heart is scarcely ever present in organic heart disease. This pain is nearly always from the stomach which is connected with the heart by many nerves.

When your digestion is out of order it often affects the heart and even causes an irregularity in its beat. The gas produced by undigested and fermented food may cause pressure that affects the heart unpleasantly. But these pains do not mean that you have heart disease nor need fear sudden death. Try toning up the stomach and learn how quickly and surely you lose the fear of heart disease.

Tone up the stomach. Correct any errors of diet. Eat the right things and not too much of them. If you do not know what the right things are, read our diet book. It is free. Don't starve yourself and don't pamper your stomach with predigested food and artificial aids to digestion. Tone up your stomach so that it will do its own proper work, don't worry about your heart or anything else (worry causes and aggravates indigestion) and you will be well and happy.

Dr. Williams' Pink Pills are the best digestive tonic. Improvement begins with the first dose. First you notice an increase in your appetite. Then you see that the food does not distress you, that you are no longer troubled with gas, sour risings in the throat and those misleading pains around the heart. Strength and energy return and the rich red blood, bearing the full amount of nourishment yielded by food, carries renewed vitality to every organ of the body.

Dr. Williams' Pink Pills are sold by all druggists, direct by mail, postpaid, 50 cents per box, six boxes, \$2.50. For the diet book, which shows what these pills have done in numerous cases, write to the Dr. Williams' Medicine Co., Schenectady, N. Y.

A pleasing feature for fair week will be the showing of the special Newark pictures. Once each afternoon and evening. Three reels are shown always at every performance. The third reel is selected on each day it is run and therefore cannot be announced in the weekly program.

AMUSEMENTS

TO AUDITORIUM PATRONS.

In announcing the appearance here Friday evening, Oct. 4, of Louisiana Lou, I can assure the theatre-goers of Newark and vicinity that they are getting the entire original cast and production exactly as seen for 356 times in Chicago.

"Louisiana Lou" is headed by Barney Bernard and Sophie Tucker and comprises 57 people. The company is en route to Philadelphia, where it opens a 12-weeks engagement on Oct. 14, and from there to Boston for a 14-weeks run at the Tremont Theatre. Newark is one of the cities selected for the two-weeks' run in between St. Louis and Philadelphia, and I trust our patrons will appreciate the efforts of Mr. E. L. Moore in bringing this most excellent attraction here by packing the Auditorium to the doors.

F. E. JOHNSON, Mgr.

Last Night's Play.

A week's engagement at the Auditorium theatre was opened on Monday evening by the Mae LaPorte Stock company, with a play written expressly for Miss LaPorte, entitled, "Just Plain Mary." The play has the pastoral beginning, the unhappy marriage of the country lass to the city chap, his subsequent death and the happy meeting of the girl and her former sweetheart.

The play is written by Addie LaPorte and presents a varied array of character studies, one of the most characteristic of which was that of Miranda Dillcock, which is very similar to the old maid who gained fame in "The Lottery Man." The character work was done by Jessie Gildermeister, who was clever in her depiction and who had a wonderful make-up.

Miss LaPorte pleased greatly in the leading role, that of the country girl and she was well supported by Del M. Sherrard, as Tom Treat, her country sweetheart, and Raymond Hutton as Jack Thornton, the man from the city. Others who pleased greatly were S. M. LaPorte as Mary's grandfather, Addie Caldwell as grandma, and Joe McEnroe in comedy and Harry Bothwell in the role of the pastor.

The company will be seen tonight in "The Open Window."

Two Hours in the Arctic Circle. The Carnegie Museum polar moving pictures, to be seen next week

at the Auditorium, include not only cinematograph views of the hunting of wild animals in the arctic circle, but pictures that show, too, the habits of the Eskimos. As a matter of fact, these pictures are complete in every detail and afford the spectator an unusual opportunity to view a region that has never been photographed by the moving picture operators. The expedition was sent out under the command of Capt. E. F. Kleinschmidt, a noted hunter and explorer of the far north and had for its object the collection of data relating to the vegetable and animal life of the polar sea. In addition to collecting specimens to be exhibited in the Carnegie Museum, a cinematograph record was also made of the wild animals—polar bear, walrus, seal, moose, birds, etc., in their native haunts. In making some of these pictures, the daring operator of the moving picture machine approached to within ten feet of his quarry. The exhibition will be at the Auditorium Wednesday and Thursday, Oct. 3 and 10.

Louisiana Lou.

Next Friday evening the Auditorium will have for its attraction a distinct novelty. Harry Askin of the LaSalle opera house, Chicago, made no mistake when he sent his original "Louisiana Lou" company to the cities remote from Chicago. It is by long odds the best thing in the musical comedy line Chicago has yet sent on tour and goes a long way toward putting the Lake Michigan metropolis on the theatrical map as a producing center. Hereafter, thanks to "Louisiana Lou," the La Salle trade mark will have a distinct meaning and value to audiences in this part of the theatrical world.

The Donaghey, Burkhardt, Jerome production is essentially worth while. Described on the play bills as "a musical trip to the Mardi Gras," it goes its title several better. It is the embodiment of the carnival spirit. Its New Orleans setting gives a picturesque background for vividly colorful scenic and costume effects. Its music has a fetching rhythm and jingle, its melodies are singularly sweet, its ragtime of the raggiest and its dances as diverting as they are novel. Given all this, interpreted by as clever a lot of people as local theatre-goers have seen this season, and the answer is easy why the piece is a fighting audience whose size denotes the managerial heart. "Louisiana Lou" is a class A building hit, with honors.

Unquestionably, much of the employment in its performance is due to the cast Mr. Askin has sent with it. It is a cast which spells class in musical comedy. Barney Bernard comes here with a grace, a finish and an aplomb which ranks him among the very first actors in singing comedy roles. And if Sophie Tucker wants the freedom of this section of the country, she has but to ask for it. Her "Puritan Prance" has caught on as greatly as did the "Merry Widow" wait. Not lagging, either, in winning favors, are Bessie De Voe and Eleanor Henry, two of the fairest examples of feminine beauty that have traversed the transcontinental highway in quite a period. The chorus is superb. The girls work in perfect harmony, sing intelligently and from their nifty and natty appearance seem to participate in the pleasurable enthusiasm they arouse in their audiences. Nor must the names of Helena Saling, Harry Hanlon, Robert O'Connor, Lester Crawford and George T. Serrels be omitted in this tribute to the excellence of "Louisiana Lou." Play and players alike are all to the good.

Orpheum Theatre, The Orpheum theatre, in the Arcade, opened for the fall and winter season last evening, under the management of Francis V. Boyce.

In spite of the numerous counter attractions, three very good audience, witnessed a most excellent bill, headed by the Ramsay Harmony Singers, a trio of three young men with excellent voices. The comedy work of the trio made a hit, but it was their excellent interpretation of a number of late songs that caught the audience. They were accorded generous applause and deserved it, too, for their voices were trained to a nicety, and they will assist in packing the pretty little theatre for the balance of the week.

Preston was great in his acrobatic work, the audience being not only highly pleased by his clever stunts, but also highly amused by his comedy. Burt Lawrence, the comedian, made a great hit by his monologist talk, his clever jokes, songs and eccentric dancing. He received his share of the applause.

Pearl Stearns and company in a comedy sketch entitled "Her Husband's Friend," met with an excellent reception. Miss Stearns plays the part of the wife and she is a clever little versatile actress with an excellent stage presence. The two male members of the company were well fitted for their roles and the act took immensely.

An excellent film was shown and no doubt the Orpheum will be the mecca for hundreds of amusement seekers attending the fair and aviation meeting.

Manager Boyce is an old theatrical man, even if he is young in years, and he is bound to give the patrons the best that can be secured. There is no doubt that O. G. Murray, lessee of the theatre, secured the right man for the place when he secured the services of Mr. Boyce.

PASTOR RUSSELL AT ILLINOIS FAIR

Honor to the Son Means Honor
to the Father Also.

THE NEW DAY ALREADY DAWNING

Pastor Russell at the Illinois State Fair
Said that the Work of Calvary is
Progressing, but Far From Finished.
The Selection of the Elect Church is
the Beginning, Not the Completion,
of the Divine Purpose—Messiah's King-
dom Will Accomplish His Triumph
Over Sin and Death by the Deliver-
ance of Humanity.

Springfield, Ill.,
Oct. 6.—Pastor
Russell arrived
yesterday, the
guest of the State
Board. His ad-
dress this after-
noon at the fair
grounds audi-
torium drew an im-
mense audience.
His topic was
"BEYOND THE
GRAVE." He re-
ported his evening

address from the text, "At the name
of Jesus every knee shall bow and
every tongue confess—to the glory of
God."—Philippians ii, 10, 11.

The speaker referred to the Six Great
Days of a thousand years each, during
which the world is experiencing a
reign of sin and death, sighing and cry-
ing. Physicians physical and moral
have been unable to effect a cure. God
Himself alone is able to roll away the
curse which He imposed and to give
mankind instead His blessing.

In the past we have been so intent
on following our own sectarian schemes
and theories that we have neglected
the proper study of the Bible. Indeed
not until our day has such a study
been possible for the masses. Only now
do they have the Word of God in their
possession in convenient form in every
family, and only now is education so
general as to permit all to read, all to
study, all to know the good things of
the Divine promises.

The creeds of the "Dark Ages" did
indeed dip into our ears the message
of the curse. Yea, they distorted it and
made it a message of eternal torture,
whereas the Scriptures declare that
"the wages of sin is death"—not eternal
torment. In our darkness we mis-
translated and misinterpreted God's
Word to our own confusion, swallow-
ing also some interpolations without
proper scrutiny. No wonder we were
mauled by those creeds! No wonder
the intelligent portion of humanity
were in danger of all being driven into
infidelity—away from God and from
His Book, which we misunderstood and
misrepresented!

A New Day Is Dawning.
Bible Students are arousing from their
sleep and finding that they have long
suffered from nocturnal hallucinations.
The true message of God's Word is
spreading, and with it goes increase of
faith, together with joy, peace and god-
liness.

We have all noted the fact that ours
is the most wonderful day of earth's his-
tory. At this great State Fair our eyes
open widely as we note the contrast be-
tween the blessings which surround
us and those enjoyed by our fathers.
Although we are viewing here the ex-
hibits of but one State out of many,
we are surely all amazed at what we
see of progress, invention and labor-
saving machinery, of educational ar-
rangements, of improvement in the
breeding of cattle, sheep, swine, horses,
poultry, etc.

We are equally astonished at the
progress made in the culture of fruit
and vegetables. We say to ourselves,
Surely the fruits and flowers and ani-
mal life of Paradise could not have
very greatly surpassed the prize-win-
ners of this exhibition! We cogitate
further that with the progress of in-
vention, the necessity of arduous labor
and sweat of face for the daily bread
will soon be at an end and the neces-
sary leisure and conveniences and
comforts which will permit every man
to be a nobleman will soon be avail-
able to all. What do these things mean?
Why have they come suddenly upon
us in one generation?—yea, and give
no indication of slackening, but rather
of progressing to still greater wonders!
What is the explanation of this?

The Bible alone gives the reply to
this query. It explains to us the
meaning of the reign of sin and death
which we and our forefathers have
shared. It tells us that our sorrows,
aches and pains, weaknesses mental,
moral and physical, are all the results
of sin—the sin of Father Adam entail-
ed upon us by the laws of heredity for
the Six Great Days of a thousand
years each, already past.

the death penalty upon them—and
thus to give them an opportunity in
God's due time to return to their for-
mer estate, all that Adam lost—to the
perfection which was his when he was
in the image of God, to all that was
his in his glorious estate—Paradise.

When Will the Curse Roll Away?

Chronologically we are already in the
Great Seventh Day or Thousand-Year
Sabbath—we are already thirty-eight
years into the great Seventh Day. This
explains the blessings which are ours
and which are coming to us increas-
ingly. This progress will continue
throughout the great Thousand-Year
Sabbath of Messiah's Kingdom. The
Bible promises that it shall bring bless-
ings to every creature—not only the
living, but the dead, "for all that are
in their graves must hear the voice of
the Son of God, and come forth." (John
v, 28, 29.) All must be given a full
opportunity to come into harmony with
the Creator and to come to perfection
and everlasting life. Only by personal,
wifful, intelligent sin can anyone's
blessings be turned into the second
curse of God, the Second Death, from
which there will be no redemption.

Incidentally let us note that the com-
ing of those blessings is, in one sense,
premature, in that they have come to
us before the establishment of the Mes-
sianic Kingdom. Consequently, in-
stead of the world's being happier be-
cause of these favors, it is more unhap-
py, more discontented than ever. The
Scriptures show that the discontent
will culminate in a short, sharp period
of terrible anarchy, from which the
world will be rescued by the establish-
ment of Messiah's Kingdom.

The permission of the light and bless-
ings of our day, in advance of Mes-
siah's Rule, the Creator intends shall
teach humanity a great lesson respect-
ing their own fallen condition and re-
specting their need of the very help
which God is providing in Christ. None
shall have the opportunity of errone-
ously supposing that God's blessings,
coming to the unregenerate hearts, will
make them thankful and happy. The
new heart is necessary to real happi-
ness.

We also incidentally see that if God
had sent or permitted the light of our
day with its blessings a thousand
years sooner, then the discontent of
humanity would have culminated in
anarchy a thousand years sooner—and
before the time Divinely arranged for
the establishment of Messiah and His
Bride, the Church, in heavenly glory
for the ruling, blessing and uplifting of
humanity.

Truth Discerned Aids Faith.

As we gradually come to realize that
we are living in the dawning of the
time for the long-promised blessing,
this Sabbath Day of earth, when the
Curse shall roll away, it gives us a
fresh interest in all the affairs of the
present life, as well as in those fea-
tures of the Divine Plan which are yet
future! The knowledge makes life
worth living. Millions of people live
a treadmill existence, unworthy of
themselves and joyless, because they
have not come into the family of God
and not been taught to understand the
deep things of His gracious purposes.

The first step is an acknowledgment
of the Creator and a consecration of
life to Him, and then an application of
our hearts to know His will, that we
may do it. One day of such living is
worth more than a year of the aimless,
meandering common to the masses.
All who have entered into this blessing
should rejoice therein. All who have
not, should seek the Door, Christ, and
be glad to walk the narrow way, fol-
lowing His footsteps into grace and
peace Divine.

Stiff-necked and Stiff-kneed.

We may, indeed, rejoice in the less-
ening of the sweat of face coming to
mankind—in the dawning of this New
Day. We may, indeed, rejoice in the
greater spread of knowledge to every
class. We may, indeed, rejoice in the
more comfortable housing, feeding and
clothing of our race. We may, indeed,
praise the day which is ushering in
these blessings and which, through ir-
rigation canals and artesian wells, sci-
entific study and teachers, books and
newspapers, is making the wilderness
to blossom as the rose and many blades
of grass to grow where one alone grew
previously, bringing increased fruit-
fulness. But still much is to be desired
—much that we cannot accomplish for
ourselves. We need an outside influ-
ence, an outside power—the very one
which God's Word declares is about to
take control—Messiah's Kingdom.

Our blessings thus far are not draw-
ing the masses nearer to God—not mak-
ing them more thankful, more holy,
more reverent, more loving. On the
contrary, we are becoming more strif-
ful, more self-willed, than any previous
generation—less inclined as a world
than ever before to worship and re-
verence the God of All Grace—less in-
clined to believe that there is such a
Being at all. At the present rate of
growth of irreverence it would seem as
though the time might soon come when
no knee would bow and no tongue con-
fess to God's glory.

"As I Live, Saith the Lord."

But here we look to God to see what
provision He has made for present
conditions. And as we look, our hearts
are cheered. We have the Divinely
solemn declaration that the full end of
the reign of sin and death is to come.
And we have outlined in God's Word
proofs that we are now living in the
time when that new reign of right-
eousness shall be inaugurated. We
have prayed for it with more or less
of faith all our lives: "Thy Kingdom
come: Thy will be done on earth, even
as it is done in heaven."

Permit not faith to let go her hold;
the Word of God cannot fail. As He
is bringing to us the temporal bless-

ings promised in His Word and apper-
tinate to this time—the New Dispen-
sation—let us trust Him for every
other feature of His promised bless-
ing. He who has begun the good work
is able to complete it. If He has prom-
ised, and sworn to this promise, that
all the families of the earth shall be
blessed in Abraham's Seed, surely we
may rely upon it. If we see at present
only the Spiritual Seed of Abraham in
full harmony with God through Christ,
and they not glorified, let us wait pa-
tiently for the Lord, knowing that He
will fulfill His promises in due time.

The Church, the Elect, are indeed
the Spiritual Seed of Abraham. This
class, as the Bride of Christ, must be
completed and must be united to their
Redeemer by the First Resurrection
change before they will be qualified to
share with Him the great work of
blessing Abraham's Natural Seed—Ga-
latians iii, 29.

The completion and glorification of
the Church will mark the time for the
establishment of the Kingdom. Then
will begin the pouring out of the Di-
vine blessing and the removal of the
Curse. Satan will be bound for a
thousand years. The knowledge of
God will gradually fill the whole earth.
The Natural Seed of Abraham will be
the first to receive the Restoration
blessings—to return to the likeness of
God in the flesh and to have returned
to them Paradise conditions and Di-
vine favor. The ancient saintly ones
of the Jewish race, we are assured,
shall be made princes in all the earth
for the correction of their brethren,
Natural Israel, and for the instruction
and assistance, also, of the people of
every nation, kindred and tongue—the
living and the dead.

Paradise Restored.

Rapidly the knowledge of the glory
of God will fill the whole earth. Cor-
rections in righteousness will be meted
out to all not doing their very best to
come into harmony with the Divine
Law. Blessed rewards of increasing
perfection of mind and body will
gradually come to the willing and
obedient in that day. The wilful evil-
doers shall be cut off in the Second
Death. Then as a result, before the
thousand years of Messiah's Kingdom
shall expire, every knee will bow to the
glory of God.

Meantime also the blessings of Para-
dise will be coming to the earth as a
whole. "God will make the place of
His feet glorious." (Isaiah ix, 13; lxxvi,
1.) Jesus will see of the travail of His
soul and be satisfied. (Isaiah liii, 10,
11.) All those who have suffered for
righteousness' sake during the present
time of the reign of sin and death will
be more than compensated therefor in
the blessings and joys of the New
Dispensation. The knowledge of the
glory of God shall fill the whole earth.
The glorious Divine character will be
made manifest, not only to angels, but
to men. The infinitude of God's Love,
Justice, Wisdom and Power may then
be seen by all; whereas today under
the reign of sin and death, with minds
beclouded by the error instilled by the
Prince of Darkness, the opposite con-
dition—darkness—covers the earth and
gross darkness the heathen.

What a glorious consummation is
before us! What lengths and breadths
of human possibility in perfection we
see with the eye of faith! Man was
made in the image of his Creator, and
the earth was provided to be his ever-
lasting home. The Curse that has rest-
ed upon the earth and its king has
brought both to angels and to men val-
uable lessons, which perhaps could not
have been learned under any other
process of instruction.

The result will be glorious, as de-
scribed by the Master Himself. There
shall be no more sighing, no more
Curse there, nor sorrow, nor pain, nor
any more dying; for all the things of
sin and death will have passed away.
He who sits upon the Throne "will
make all things new." (Revelation
xxi, 4, 5.)

The Prophet Isaiah declares that Je-
hovah will do these things and that
every knee shall bow to Him and
every tongue confess. (Isaiah xlv, 23.)
St. Paul applies this Scripture and de-
clares that it will be fulfilled through
Jesus, and incidentally it will be ful-
filled by the Church through Jesus.
All things are of the Father and by
the Son. The thought, then, is that
the world in acknowledging Christ
and the Church, and bowing to them,
will be bowing to Jehovah, for the
Logos, Jesus, the Redeemer, forever
will be the Representative of the Fa-
ther and His Power; hence all men
should honor the Son even as they
honor the Father also—not honor Him
as the Father, but as the Son, the Fa-
ther's direct Representative—Heir of
all things.—John v, 23; Hebrews i, 2.
The Elect Church Already Bows the
Knee.

The Elect Church of the present time
already bows to Jesus as the Repre-
sentative of the Heavenly Father, and
already enjoys a great blessing through
this special relationship into which she
has entered and which is to be com-
pleted in her resurrection change. Je-
sus, as the great King of Glory, and
His Bride class as the great Queen of
Glory will be distinctly separate from
the world—shareholders of an altogether dif-
ferent salvation. These, begotten of
the Holy Spirit, are promised a partici-
pation in the Divine nature, which is
far above that of angels, the Apostle
assures us.

For the same reason that the Heav-
enly Father is invisible to men Christ
and the Church will be invisible,
though all-powerful. The blessings of
human Restoration that they will bring
mankind will be conveyed through
earthly channels, of whom Abraham,
Isaac and Jacob and all the prophets
and faithful ones of the past will be
the leaders, or Princes, as God has de-
clared.—Psalm xlv, 16.

BEECH WOODS

The home of Adam Mohler near Zionsville was entirely destroyed by fire Saturday. A defective flue and an overheated cookstove are supposed to be the cause of the fire. Very little of the household goods were saved.

The only child and son of Mr. and Mrs. Elmer Selberts was buried at New Salem Saturday. His death resulted from effects of diabetes. The lad was nearly ten years of age.

Mrs. Calvin Parks and daughter Mrs. Estella Davis of Mason, Ill., are the guests of relatives here this week.

The driving horse of Morris Lones, which was accidentally cut on the left front leg some time ago, and nearly died to death, has regained its strength and is able to be driven.

Mr. and Mrs. H. C. Lamb and Jacob Cium attended the funeral of Mrs. Eli Drum, an aged lady, at Granville Saturday.

Communion services were celebrated at the drum church by the Lutheran congregation Sunday morning.

Joseph Refs and Anna Sphon, two well known people, stole a march on their friends this week and were united in marriage.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold—Ely's Cream Balm Will Stop It in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

Fortunes in Faces.

There's often much truth in the saying, "Her face is her fortune," but it's never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them, 25c. at F. D. Hall's.

"Forward- the 'BRIGHT Brigade!" GOLD DUST

Seldom has a national product made the instant and continued success achieved by Gold Dust. This wonderful powder was a success from the start, has continued to outsell and out-work all other products in its class, and is today (although it has hundreds of imitations) more of a seller and leader than ever. Gold Dust has always stood at the head of all cleansers, and its sales are yearly increasing. That's pretty good evidence of merit, isn't it?

Gold Dust will clean anything and everything about the house—and clean it in less time and with less labor than any other product. Here's a strong statement, the truth of which you can prove by buying and using one package of Gold Dust. We simply know that once you use Gold Dust, you'll never be without it.

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, glass, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

A Remington Typewriter-- Plus

Here is the machine which will do everything that any typewriter has ever done; which will write straightway or tabular, in one or many columns; which will do any tabular work, however intricate, with the speed of ordinary writing;

Which will write and add, and add when it writes, in one column or as many columns as the paper will hold;

Which will subtract as easily as it adds, in all or any columns where adding is done;

Which is a complete billing, tabulating, adding and subtracting machine—all in one;

Which is also a complete adding machine—accurate itself and exacting accuracy from those who use it, which will detect errors and prevent errors as well;

Which establishes a new standard of time and labor saving in every variety of combined writing and adding work.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off of dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. It costs you no more than the ordinary kind. It keeps your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush first with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. It keeps your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush first with each can of enamel only.

PRAYER MEETINGS.

It takes patience and untiring industry to bring things to pass. The organization for the neighborhood prayer meetings is gradually being brought to completion. There are yet three or four districts for which leaders have not been found. The chairman is doing his best. Those who are already working are doing splendidly. It must be insisted upon again, that no reports can be taken over the telephone after 8:30 a. m. Leaders are urged to use the cards whenever possible, and to put them in the box at the east end of the choir platform in the tabernacle. They are also asked to place the number of their district in the upper left-hand corner of the schedule card, and the letter representing the division of the district in the upper right-hand corner. There were six cards placed in the box Sunday night, after the chairman went home, and consequently those places were not reported in the papers Monday. It was the chairman's fault, and he asks the pardon of those concerned.

The following places for neighborhood meetings have been reported for Wednesday morning:

District 2, home of Jacob Huffman, 273 Boylston avenue; Dist. 3-A, with Mrs. James Cooper, 209 N. Gay; 5-A, with Mrs. Fisher of Tuscarawas st.; Dist. 5-B, with Mrs. Hague, 88 Dewey ave.; Dist. 7-A, Mrs. Charles Merrick, Eastern ave.; Dist. 7-B, Mrs. Lizzie Long, Baltimore st.; Dist. 8, east of corporation line, with Mrs. Weiss; Dist. 9-A, Mrs. D. COURT NEWS

Common Pleas Court.

J. I. Case Threshing Machine Co., vs. **Sanders Mason**, court sustained a demurrer to answer. Leave was given to amend in ten days.

Franklin National Bank vs. Peoples' National Bank, Motion sustained and leave granted to amend.

John Powell vs. Security Casualty Co., appealed from the Docket of the justice of the peace. Plaintiff sued before the justice to recover the sum of \$90 on an insurance policy for sick benefits; in the petition filed in the common pleas court, plaintiff sues to recover \$135 for injuries received by coming into contact with a chair. The court sustained the motion to strike the petition from the files. Exceptions were noted.

Dismissed Petition.

In the matter of the application of **Harry Taylor** for a writ of habeas corpus, Probate Judge Hunter on Monday dismissed the petition and remanded the prisoner to the custody of the sheriff.

Taylor, on September 26th, was found guilty of obtaining board and lodging with intent to defraud, and Mayor Swartz sentenced him to 30 days in jail and assessed a fine of \$10 and costs. It was from this confinement that Taylor sought release by the habeas corpus route.

"Squire Jones" Court.

On the affidavit of **Mary E. Moore**, **Frederick E. Cashdollar** was brought before "Squire D. M. Jones" yesterday on a charge of assault. The affiant alleged that Cashdollar pushed her violently and threw her into the hallway of her home, 41 Pine street.

The court assessed a fine of \$50 and costs, but suspended the fine on the agreement of the defendant to pay the costs and the sum of \$15 due as rent.

Made Assignment.

John Cicur and **Glignore Rittvor**, saloonists, of 31 South Second street, have made an assignment for the benefit of their creditors. Washington J. Henderson has qualified as assignee, with a bond of \$750.

The assets are given in the sum of \$350, which includes a stock of liquors, cigars and tobacco, with a quantity of bar fixtures. The liabilities are as yet unknown.

Admitted To Probate.

The will of **Elizabeth Ann Shower**, late of Etta township, was admitted to probate Monday. Milton Shower was appointed administrator, with a bond of \$3000.

Adopt Child.

Oscar Pierce, a child of one year, has been adopted by **Peter E. Anderson** and **Sadie E. Anderson**. The child is the son of **Mabel Pierce**, who gave her consent to the adoption.

SKIN ERUPTION CAME ON CHEEK

Started in Pimples. Nearly All One Cheek Solid Sore. Very Fretful. Used Cuticura Soap and Ointment. Face All Healed Up.

Kingsley, Mich.—"Last May my thirteen months' old baby had a sore come on her cheek." It started in four or five small pimples and in two or three hours' time spread to the size of a silver dollar. It spread to her eye. Then water would run from the pimples and wherever that touched it caused more sores until nearly all one cheek and up her nostrils were one solid sore. She was very fretful. She certainly was a terrible looking child, and nothing seemed to be of any use. Then I got some Cuticura Soap and Cuticura Ointment. She tried to rub off everything we put on so that we would sit and hold her hands for two hours at a time, trying to give the medicine a chance to help her, but after I washed it with Cuticura Soap and then put on the Cuticura Ointment they seemed to soothe her and she did not try to rub them off. It was only a few days before her face was all healed up, and there has been no return of the trouble since. We thought that baby's face would surely be cleared, but it is not." (Signed) Mrs. W. J. Cleary, Jan. 5, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal samples of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

For tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

OBITUARY

MARGARET HARRIET CHAFFIN.

Mrs. Margaret Harriet Chaffin, wife of Van S. Chaffin of South Pine street, died Monday night at 10 o'clock at her home following an illness of tuberculosis. Her death was not unexpected.

The deceased was about 30 years old and was born at Wellston, O. She is survived by her husband and three children, her father and mother, Mr. and Mrs. John Kirkendall, and several brothers and sisters. One child died last June.

The funeral arrangements have not been made, but the services will probably be held at the house on Thursday. Definite announcement will be made later.

JOHN SHAUGHNESSY.

The funeral of John Shaughnessy, who died at his home in North Fourth street Sunday afternoon will be held Wednesday morning. Friends will meet at the home at 7 o'clock Wednesday morning and the remains will be taken to Zanesville over the B. & O. railway at 8 o'clock, where funeral services will be held in the Catholic church. Interment will be made in Zanesville.

Members of the O. R. C. are requested to meet at the late home of the deceased Wednesday morning to attend the funeral.

DON'T PULL THAT GRAY HAIR.

"O Grace, don't pull out that gray hair. You know they say that forty will come to the funeral of every one you pull out."

"Yes, Mary, I know it, and I also know Mrs. Mason, the great English Hair Specialist, says 'that hair that is beginning to turn gray can be restored to its natural color and strength to its roots and the bulbs containing the coloring pigment, by intelligent treatment with a reliable tonic. So I have begun to use Mrs. Mason's Old English Shampoo Cream which is both a hair cleanser and a hair tonic.'"

"I am thoroughly convinced that Mrs. Mason was a great authority on the care of the hair, else the Duchess of Marlborough, Mme. Melba and the leading society women and physicians of New York, London and Paris would not have given her such unqualified endorsement for her hair preparations. Frank D. Hall, right here in our own city, has just succeeded in obtaining the agency for it, and if you try it and don't like it he will return your money."

IS YOUR CHILD'S TONGUE COATED

If Cross, Feverish, Bilious, Stomach Sour, Give "Syrup of Figs," to Clean its Little Clogged-up Bowels.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, drooping, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and foul, constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste clogged bowels without nausea, griping or weakness and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of delicious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

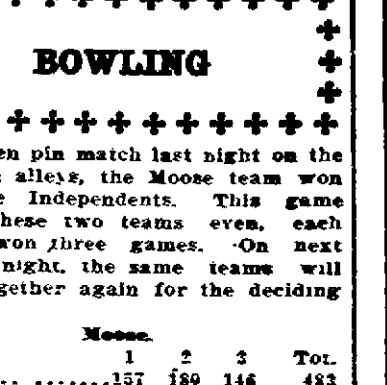

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N.C.

The Case of Mrs. Kirlin.

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound."

"Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

THE BIRTHDAY CALENDAR.

IF THIS IS YOUR BIRTHDAY

You may be tempted to waste time and money in foolish ways, but if this time especially you should act with serious purpose, for success awaits you. If you are in employ, your honest efforts will not be overlooked.

Those born today will be well liked and will have too many friends for their ultimate good. They are capable of high attainment if guided, and to some extent, controlled by those of a more practical mind.

COMMISSIONERS FILE FINANCIAL REPORT FOR YEAR

The Board of County Commissioners has filed with the clerk of courts a detailed statement of the financial transactions of that body for the year ending August 31.

The report is a voluminous document covering fourteen typewritten pages and includes an itemized statement of all the expenditures of the commissioners for all purposes.

VANDALS RAID MELON PATCH

Lewis Winegardner and William Snider, watermelon growers of the Beech Woods vicinity, are looking for midnight marauders who raided their melon patches several days ago. The vines were uprooted and placed in a pile in the center of the fields. Melons were cut into pieces. On the

top of the pile of vines the miscreants placed a melon with a placard reading: "Here's a melon for seed. Plant a larger patch next year. We'll be back."

Beware of Outlets for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

PIANOS

A. L. Rawlings, the piano merchant, wants everybody who visits Newark, O., during Fair Week to make his big store their headquarters.

PIANOS

The best salesman for the RAWLINGS PIANO is the piano itself. Come and see it and hear it played.

PIANOS

The Knabe Bros. Co. piano is known the world over as being the best made, when you get the genuine Knabe Bros., you will know that you have the piano made by E. J. & Wm. Knabe III. Grands and uprights at Rawlings's Music Store. You can save money as Mr. Rawlings is one of the manufacturers, and one of the directors.

PIANOS

The Apollo Player Piano known the world over as being the best player on the market can be seen and heard at the Rawlings big music store. Easy terms if desired. A. L. Rawlings, No. 4 No. Park Place, Newark, Ohio. 9-250-100

Named for General Wadsworth.

Fort Wadsworth in New York harbor is not named for Capt. Joseph Wadsworth, but for Gen. James Samuel Wadsworth of Genesee, N. Y. General Wadsworth raised a regiment when the Civil war broke out, served with distinction, and was killed in the battle of the Wilderness. In his memory the name of Fort Tompkins was changed to Fort Wadsworth.

A Bad Spill.

"Here's a young woman that was left half a million dollars merely for spilling a little sunshine into an old man's life." "Her experience is more fortunate than mine. I once spilled a cup of coffee into an old man's lap and he cut me out of his will altogether."

Good One Way.

For many years a man named Dutton was a popular conductor between Duluth and Two Harbors. A woman from Duluth purchased a ticket, a return ticket to Two Harbors, and then concluded to return by boat. Some months later she wished again to visit Two Harbors and presented the remaining half of her former ticket. Mr. Dutton looked at it a full minute, then said: "I think this ticket is good for one transportation, madam, but you will have to ride backward."

Wisdom and Virtue.

"Wisdom, too great to be translated into action is a contradiction of words. For wisdom, is only knowing what one ought to do next. Virtue is doing it. Virtue and enjoyment have never been far apart from one another. To know and to do is the basis of the highest service. Those the world has the right to honor are those who have found enough to do. The fields are always white to their harvest."—David Starr Jordan.

FOOT AGONY VANISHES

No Matter How Sore or Painful Your Feet, You Can Dance With Joy Right After Rubbing on EZO.

Don't feel blue and gloomy; good comfortable feet are easy to get. Ask Evans' Drug Store for a 25 cent jar of EZO, a really refined ointment, sold on money back plan.

Then rub it on those sore, tired, tender, burning, sweaty feet and the misery will disappear like magic. Nothing on earth so good for corns, bunions, callouses, sunburn, chafing, prickly heat and eczema.
